

## **Help at home. Save the funds. Give with love.**

Fall is typically a giving season filled with warmth and love from Thanksgiving and Christmas Holidays. We have so much compared to other children living in less developed cities and countries. What about sharing a little more with our fellow children in Guadalajara, Mexico?

We can earn some money by helping at home (see examples below). Then, we can place the earnings in the piggy bank provided.

Once you have saved as much as you would like to give, let's bring the piggy bank to church by 12/17/17, combine all of our savings, and give them to children in need.

Let's save big and give much!
