What You Heard *In the Word*

- God created flying creatures, sea creatures, and land animals to reproduce “according to their kinds” on Days Five and Six of Creation Week.
- Unlike the animals, people are created in God’s image and can have a relationship with God through Jesus Christ.

OutWord *For Family Discussion*

Suppose someone tells you that you evolved from an ape-like creature. You may hear this from a friend, a teacher, or someone at a museum.

What would you say?

I believe the Bible. God’s Word does not lie. When God created animals, He created them according to their kinds. These kinds are totally different from each other—and one kind can’t turn into another kind. For example, a dog would never be a cat; a lion would never be a giraffe; a bird would never be a fish; a monkey would never be a person; and a person would never be a monkey. By the way, have you ever seen a dog turn into a cat? Or a monkey turn into a person? No one else ever has either. I think I’ll stick to God’s Word!

Justin & Jessie

Jessie grabbed Freckles and carried him to the backyard. She was eager to teach Freckles all those wonderful tricks she saw in the show.

Jessie finds out how hard it is to train animals and why they can’t do what people do. Will her kitten ever become “The Fabulous Mr. Freckles”?
